MESSAGE FROM THE DIRECTOR

May 2007

The Governor's Office of Planning and Research (OPR) is pleased to announce the release of the *2007 California Planner's Book of Lists (BOL)*. This annual publication is one of many technical assistance documents that OPR publishes. The *BOL* has served planning professionals and the public for more than 25 years.

As with past *BOLs*, this edition features:

- A directory of city and county planning agencies, Councils of Government, and Local Agency Formation Commissions,
- Contact information for CEQA Judges and select State and Federal agencies that interact with local planning agencies,
- A summary of city and county General Plan information, and
- The results of OPR's 2006 Annual Planning Survey. The survey provides the latest information on local planning activities and special issues of statewide concern.

New to this year's edition of the *BOL* is a directory of Airport Land Use Commissions. Past editions of the *BOL* are available to the public from the OPR website at www.opr.ca.gov.

The usefulness of the *BOL* has always depended on the efforts from the many planning professionals in local governments, state departments and other related agencies who provide OPR with updated information each year. We would like to thank all the contributors for their efforts. OPR encourages planners and others who use the *BOL* to share with us their comments and suggestions about how the publication can better serve users needs.
